

PDPM Master Class Series: All In! PDPM Supportive Documentation for Physicians, Nursing, Rehab, Dietary, and Social Services

Series Title: PDPM Master Class (12-month series)

Session Title: All In! PDPM Supportive Documentation for Physicians, Nursing, Rehab, Dietary, and Social Services

Presentation Dates: July Live Webinar

Presented By: (see attached bios)

- Eleisha Wilkes
- Shelly Maffia
- Amie Martin
- Kristen Walden

Course Description:

This session of the PDPM Master Class Series will focus on interdisciplinary team documentation requirements and best practices as it relates to PDPM. The webinar will include review of skilled level of care criteria with an emphasis on supporting the skilled stay and coding that impacts reimbursement of skilled SNF services under the Patient Driven Payment Model (PDPM). Emphasis will be on understanding the critical role of the Physician, Nurse, Therapist, Dietary, and Social Services in supportive documentation for key areas impacting PDPM payment, and in driving facility documentation quality.

Learning Objectives

1. Describe Medicare Skilled Coverage Guidelines and review the case mix components, and key clinical criteria that will impact payment under the Patient Driven Payment Model (PDPM) and related supporting documentation requirements.
2. Understand the role of interdisciplinary team members in collaborating to manage complex conditions and supporting skilled services related to those conditions through effective charting
3. Review key strategies for driving SNF documentation quality.

Course Content

30 minutes	Overview SNF coverage guidelines and key components impacting payment under PDPM with related supporting documentation requirements
30 minutes	Examine key PDPM supportive documentation elements by role of interdisciplinary team members with case examples illustrating common areas of deficient charting and how to improve them
10 minutes	Review best practices for team collaboration for quality care under PDPM and leading effective SNF documentation practices in the facility
5 minutes	Closing Comments/ Q&A

Target Audience: Administrators, Directors of Nursing, Nursing, QA, MDS, Staff Development, Therapy, Social Services, Board Members, Dietary, Physicians/Physician Extenders
